## 4.5 Billion Dollar Aid Budget Sought by Chief

WASHINGTON, April 2 (AP)—President Kennedy asked congress today for 4.5 billion dollars in new foreign aid money, slashing 420 million dollars from the total he proposed before Gen. Lucius D. Clay's advisory committee reported the current program is much too big. Last year congress cut the President's 4.9 billion dollar foreign aid request to 3.9 billion dollars, and opponents want to pare even deeper this year. In a special message to Capitol Hill, Kennedy outlined a six-point program aimed at improving the big overseas assistance program. He drew heavily on criticisms of the Clay committee with which he agrees.

## 3,130-Pound Moon Shot Fired by Reds

MOSCOW, April 2 (AP)—The Soviet Union announced they fired an unmanned, 3,130-pound research vehicle toward the moon today from the orbit of an earth satellite. A Soviet astronomer hinted it may land a robot observer on the moon's surface. This is part of the Soviet preliminary work in a race with the United States to be the first to land men on the moon. "The Soviet news agency said, the automatic instrument station will reach the area of the moon in three and one-half days, apparently meaning some time Saturday. At last reports, at 4 p.m., the device was outward bound 3,170 miles above the Yellow sea and rocketing along close to its present trajectory. The instruments were said to be functioning normally. "The device Moon IV, though its predecessors in Soviet moon shot work have been known as Lunik. Lunik I missed the moon, Lunik II was reported to have scored a hit. From Lunik III came the release of pictures purported to show the hidden back side of the moon. The United States had landed one rocket on the moon's back side, but instrument failure limited the value of the exploit. Without saying whether Moon IV was intended to hit or fly by the moon, the news said the launching was in accordance with the Soviet program for "exploration of outer space and planets of the solar system."

## Kennedy Pressured To Deny Rebel Entry

WASHINGTON, April 2 (AP)—The Kennedy administration was under pressure today to deny re-entry to the United States of refugees who participate in hit-and-run raids on Cuba. Sen. Kennedy to a March 20 letter in which he proposed enforcement of neutrality act provisions against Americans and non-citizens taking part in expeditions to other countries. Morse, who heads a foreign relations subcommittee on Latin America, denounced the raids Monday as ineffective and dangerous. Sen. John Sherman Cooper, R., Ky., said in an interview he hears that the United States cannot permit the exiles to dictate the course of U.S. policy, but he said that policy isn't firm enough. "The best thing we could do to reduce provocations in the area is to make it clear that the Soviets must withdraw all of their troops from the area," he said.

We understand President Kennedy probably will name an emergency board before the unions set a strike date. This will prevent any stoppage for at least 30 days." **WASHINGTON, April 2 (AP)—**President Kennedy said Monday that Congress, in authorizing a new wheat plan, did not intend that an alternative be enacted if the plan is rejected in the grover referendum scheduled May 21.

Reviewing action by Congress last year in passing the new plan for the 1964 crop recommended by him, Kennedy said:

"It is clear, then, that no new wheat legislation was intended or needed this year."

The President made this statement in a communication to M. W. Traubner, president of the National Federation of Grain Cooperatives of St. Paul, Minn.

The new administration plan would require reduced planting and would set up a two-price system for the grain.

Critics are urging farmers to vote against it. In May referendum, they have been saying, Congress would pass a better plan in the event growers vote against the administration's proposal.

"If additional funds are to be found, we may have to look further and deeper," Yost said. "I suggest we do this before the next legislative session." Yost said any "sweetening of the pie" will have to come from state aid rather than local taxes because school attendance has kept pace with growth in property taxes. He said the state chamber, Robert B. Day of Twin Falls, said that "tax relief" is needed to permit Idaho's sugar industry to expand. He said advances in production of sugar have been equal to advances in production of sugar from beet and cane. He said that "tax relief" is needed to permit Idaho's sugar industry to expand. It is made of sweetened apples, raisins, and extracts of vanilla and cloves. This version is very easy to make. When ingredients have been heated, turn into a 9-inch square clay flower pot lined with three layers of cheesecloth and let it sit for six hours or overnight. The cloth and porous clay pot blot up excess moisture of the Pastra, firming it.

# Palmer Fears Loss of Driving Edge and Strong Field in Masters Meet

AUGUSTA, Ga., April 2 (AP)—There are two big worry wrinkles in Arnold Palmer's brow as he prepares to face an unprecedented fourth Masters golf championship here this week-end. His driver, the bulwark of his game, has lost some of its zing, he contends, and the men he must beat are a much stronger threat than they were a year ago. The tournament starts Thursday. "Everybody seems to be playing better and I'm not playing as well as I did," he said. "It's not accuracy that's bothering me so much. I must be getting old. I don't seem to be getting the distance I used to."

## Mexico Holds Big Lead in Pentathlon

SAN ANTONIO, Tex., April 2 (AP)—Mexico held a lead of 822 points in the eighth annual International Pentathlon.

A Mexican, Capt. Jose Jerez, finished third in the swimming to gain enough points to take over the lead.

Only Tuesday's event—a cross-country running—remains on the schedule but the team and individual leads can still change hands.

The top four American finishers will represent the United States in the Pan American games later this month.

Mexico's three-man No. 1 team has 11,330 points to 10,708 for the United States. Bob Beck of San Diego, Calif., finished 10th among the 21 contestants in the swimming for second place in the over-all standings.

Airman Tommie of Chicago, winner of the first day's riding event, won the 300-meter free-style swimming with a time of 8:45.4 seconds. Capt. Antonio Alameda of Mexico, was second. Dave Griffith of Spokane, Wash., was fourth and least. David Kirkwood of Los Angeles was fifth.

The U. S. team of Kirkwood, Capt. Moore of Erie, Pa., and Paul Pezth of Huntington, Pa., won the pistol shooting earlier in the day.

Bill Askins of San Antonio, son of a former army firearms authority, won the pistol shooting with a 100 that earned him 1,020 points. He finished ninth in the swimming and now is eighth in over-all points.

# Snider Sad About Going To New York

ALBUQUERQUE, N. M., April 2 (AP)—Duke Snider said Monday night that being sold to the New York Mets made him sad but he had expected "to feel a lot better."

Snider was with the Los Angeles and Brooklyn Dodgers for 16 years before his sale to the Mets earlier in the day.

Leaving the Dodgers has a bright side, Snider said. "It was no fun sitting on the bench when you know you got some good games in you."

He said he expects to see a lot of action with the Mets.

It is interesting playing for Casey Stengel, Snider added. He said he probably would join the Mets Saturday. He plans to return as soon as possible to his California home for a few days before going to New York.

He said his wife and four children would join him in New York in May.

Snider denied a report he had been traded to the Yankees. "I've felt better this spring than I've felt for a long time," he said.

Snider said he was good for two or three more years of play, then hopes to return to the Dodgers in a non-playing job.

Law Sent to Minor League Club's Camp

ORLANDO, Fla., April 2 (AP)—Alling pitcher Vernon Law of the Pittsburgh Pirates will be sent to the club's minor league camp at Daytona Beach, Fla., this week so he can get more work than he would with the main squad.

The Pirates made the announcement Monday.

Law has been bothered by shoulder trouble since 1960, when he won 20 games. The right-hander saw little action in 1961, last season had a 10-7 record.

In one exhibition game this spring, against Baltimore, Law was touched for four runs in three innings.

Law took the word cheerfully. "I think that's the only way to get ready now," he said. "I feel real good about my shoulder."

I pitched batting practice today, and there isn't any pain. All I want to do is get my arm strong. I feel pretty optimistic about regaining the club as things stand now.

Joe J. Brown, the Pirates' general manager, said "I am going to instruct them at the minor league camp to pitch. Vernon whenever possible. I don't care if it's again low classification club or not. The important thing is to get him work. It's a month behind our other pitchers in getting his arm in shape."

Brown said Law may stay at Daytona Beach until the last minor league club leaves about April 20.

# College, Armed Forces Win in Pan-Am Basketball Trail Games

KANSAS CITY, April 2 (AP)—The tall and rugged college all-stars upset the AAU all-stars 85-84 and a smooth Armed Forces team surprised the NCAA all-stars 76-70 in the first round of the Pan American basketball trials Monday night. The rebounding and scoring of Lucio Jackson and Willis Reed led the college all-stars. A pair of veterans, Mel Patterson and Walt Torrance, paced the Armed Forces. The winners and losers were paired off Tuesday night. Then the U.S. Olympic basketball committee will pick a 12-man team to represent the United States in the Pan American games at Sao Paulo, Brazil, April 20-May 5, and the world tournament in Rio de Janeiro later in May.

Patterson, 6-foot, 4-inch forward, Wheaton, Ill. player, scored 20 points and grabbed 13 rebounds, leading the Armed Forces in both categories. Torrance, former UCLA star and a member of the U.S. Olympic team in 1950, had 11 points and played an outstanding defensive and floor game.

Ed Smallwood, former Evansville, Ind. star, had 12 points and 12 rebounds. Tom Thacker, Cincinnati's all-around star, led the NCAA all-stars with 18 points.

The 6-foot, 6-inch Thacker also took 15 rebounds, tops for both teams. All-America Gary Bradda of Ohio State had 10 points for the NCAA club.

The service team moved in front to stay on a goal by Torrance which broke 30-30 at the 10-minute mark. In the first half, but the NCAA team stayed within five points and was down only one point with 4:57 left in the game.

Patterson, Smallwood and Torrance then shot the Armed Forces to a 61-59 edge with a minute. Thacker scored nine points in the last three minutes in an effort to keep the NCAA alive.

The NCAA team shot only 37.5 percent from the field for 42.5 percent for the winners and made only six of 14 foul shots.

The college team, which included six NCAA players and six from the NCAA college division, led 43-37 at halftime and jumped to a 55-37 lead at 18:45 early in the second half before the AAU team rallied.

The AAU included 10 members of the Bartlesville, Okla., club which won the national championship for the 11th time last month.

The AAU, led by Jerry Shipp, moved ahead for the first time in the second half 74-73 with 3:51 left. The lead changed hands seven times.

Shipp made one AAU shot in the closing seconds and grabbed the rebound on the AAU's last shot of the game.

Shipp made 12 of 18 shots and led his team with 24 points. Five AAU players scored 70 or more points.

Jackson, 6-foot, 9-inch, 240-pounder from Pan American college, grabbed 16 rebounds, scored 14 points and made two free throws that clinched the victory with 20 seconds left.

Reed, 6-foot, 9-inch, 240-pound left-hander from Grambling, La., had 18 rebounds and 20 points. Their combined total of 35 rebounds was only three less than the entire AAU squad had.

# Maris Is Injured as Yankees Edge Tribe

The New York Yankees defeated Detroit 3-2 in an exhibition baseball Monday, but the victory was a costly one because of an injury to slugger Roger Maris. Maris suffered a severely pulled muscle in his left leg while making a tumbling catch of Dick McAuliffe's line drive.

A club spokesman said Maris probably would be lost to the Yankees until after the opening of the American League season next week. The play occurred in the bottom of the fourth inning at Lakeland after Maris had homered in the top of the inning to put the Yankees ahead. Detroit had two on with one out when McAuliffe connected. Maris raced far to his right in right field, dove for the ball, and made a tumbling back-handed catch.

He managed to throw the ball to second base to complete a double play, then hobbled off the field.

The Los Angeles Angels, who top the exhibition standings, won their 18th game in 22 starts by defeating Houston 5-1 at San Jose, Calif., behind the four-hit pitching of Don Lee and Julio Navarro.

San Francisco's Giants, National League champions, ended a seven-game losing streak by edging Cleveland 4-3 at San Francisco. In other games, Cincinnati defeated Kansas City 4-1 at Cincinnati, Pittsburgh blanked Minnesota 3-0 at Orlando, Baltimore won the Los Angeles Dodgers 6-1 at Vero Beach, Philadelphia nipped St. Louis 5-4 at St. Petersburg, the Chicago Cubs drubbed Boston 13-3 at San Bernardino and Washington whipped Milwaukee 4-2 at West Palm Beach on Jim King's two-run triple in the 10th inning.

Robin Roberts pitched a four-hitter for the Orioles against the Dodgers. A single by John Hermstein, a triple by Tony Taylor and a wild pitch gave the Phillies the tying and winning runs in the eighth.

Bob Friend yielded only four singles in going the route for the Phillies against the Braves. Don

# Coach Quits in Surprise Move

**PHILADELPHIA, April 2 (AP)—**Donald (Duke) Moore quit unexpectedly Monday as LaSalle basketball coach.

He gave no reason for resigning but friends said he was disturbed by student and alumni reaction after he was named in February, 1961, when his team lost to hometown rival Penn.

Moore had been at LaSalle five years, coming here from Duquesne university, where he coached the team for 10 years.

His resignation was accepted promptly by college officials who said applications to fill the job are being accepted.

# Bruins Sweep Twin Bill From Tigers

**The Twin Falls Bruins opened their 1963 baseball season with a doubleheader sweep over the Mountain Home Tigers 5-3 and 1-0 over the week-end. Kendall Kinghorn belted a homerun and Jeffery Hull came up with a shutout pitching to win the nightcap after Gary Dillon won the opener on three hits.**

Kinghorn got his homerun leading off the second inning and although the Bruins threatened in the third and fourth frames, they couldn't score again. Meanwhile, Hull worked out of jams in the first and fourth frames and finished strong to claim the win.

The Bruins led the first game with a four-run outburst in the second. Roby Oliphant drew a walk, was sacrificed to second and broke through the defense.

Jim Bogar and Dillon followed with singles to score another run and broke through the defense. The Bruins won the first game 5-3.

# Eight Anglers Usher in Season

**RICHFIELD, April 2 (AP)—**Only eight anglers have fished the Magpie Valley river today for trout.

The opening of the special section of the river means it will become legal to year-round fishing.

All but one of the fish caught Monday were recently put in the 10,000 half-pound rainbow trout planted in the river in March by the Idaho fish and game department.

## House Passes Bill Affecting Vets, Families

WASHINGTON, April 2 (AP)—On Monday the house passed a bill that would establish a new type of life insurance for about three million veterans who have not yet converted their national service life term policies.

The new plan would be aimed at avoiding the situation faced by some World War I veterans, whose term insurance premiums increased so much as they grew older that they were forced to drop it. The bill now goes to the senate.

The legislation would provide a level premium rate for term insurance holders during their lives, except that the face value of the policy would be cut in half when they reached 65. They would be allowed to buy ordinary life insurance at age 65 to replace the value of protection lost in the automatic reduction.

The new plan would be offered optionally to veterans still holding term insurance. They would be allowed to continue on the present type of insurance, convert to the new plan or, as best, convert to a regular life policy.

In another action, the house approved and sent to the senate a bill that would increase by about 10 per cent the monthly compensation paid to parents and children of veterans who died of service-connected causes after Jan. 1, 1957.

The veterans administration estimated that the increase would affect 44,000 children and 30,000 parents at a total first year cost of about 4.8 million dollars.

The house also passed other veteran legislation that would:

- Authorize the payment of additional awards to veterans for the service-connected loss of more than one limb or organ up to \$40 a month.
- Expand assistance to blind, crippled veterans in acquiring housing with special facilities up to \$10,000 for half the cost of the equipment.

## Vehicles Collide

RUPERT, April 2—Slight damage resulted from a two-vehicle collision at 8:15 p.m. Monday when a 1958 Dodge pickup truck driven by Marvin Reynolds, 54, Rupert, collided with a 1959 Buick driven by George MacDonald, 39, Rupert, as Reynolds was backing from the curb on P street in the downtown area.

Damages to the Studebaker were estimated at \$35. There were no damages to the pickup truck and no citations were issued.

## Centennial Spirit Hits Burley Area; Plans for Celebrations Are Outlined

BURLEY, April 2—“Even though the Southcentral Idaho Centennial celebration is in its very early stages of planning, people of the area already have caught the spirit,” said Robert Saxvik, general chairman of the celebration, at a planning meeting here.

Last week a non-profit corporation was formed with Mayor J. Leonard Salmon as president, J. Weldon Beck, vice president; J. Fred Anderson, treasurer, and Herman E. Beck, secretary.

Stock will be sold in the corporation to finance the early stages of the celebration and will be redeemable at par value at the completion of the program on June 21.

Ralph Rasmussen, who acted as temporary chairman, said the purpose of the celebration is not to make money, but added it is possible to make a good sum which could be spent on some charitable or civic project to benefit the whole county.

Working with Robert Saxvik on the executive committee will be Elwood Alfred, headquarters chairman; Norel Nelson, treasurer; and Mrs. Norel Nelson, secretary.

Some division chairmen who have been appointed are Kenneth Roth, special events chairman; Jess Yarrington, insurance; D. David Lewis, publicity; Del Holland, fireworks; and Ralph Rasmussen, special operating capital committee.

Headquarters for the event will be in offices over the Herald-Bulletin on east main, beginning six weeks prior to celebration week, June 18-21. Representatives from John Rogers company, producers for the event, will be at headquarters for the entire six weeks.

The suggested program, as outlined by Rogers company, will begin on Sunday, June 16, which will be called Territorial Heritage day, when all churches in the area will be asked to observe the Idaho territorial centennial in their morning services.

On Sunday afternoon an open house is suggested at each church.

In the evening a combined interfaith “Faith of Our Fathers” vesper service is suggested which will pay tribute to all religions “under the stars” at the spectacle site at the Cassia county fairgrounds.

On Monday and Tuesday the merchants could sponsor a Territorial Old Fashioned Bargain day, prior to actual presentation of the three-day program. The Rogers company representative stated that merchants who have adopted this program have experienced retail sales increases of from 30 to 250 per cent.

Suggested ideas for merchants’ promotions are, “Then, now and tomorrow” window displays and old fashioned bargain days. Historical windows would be judged as to adherence to theme, relationship of display, effectiveness, arrangement, and legend attached to items.

Other ideas will be suggested when the Rogers company representative meets with merchants on April 8 and 9.

They suggested a midway and fun zone and will furnish names of available carnivals.

Wednesday would be the first presentation of the spectacular program, with a cast of 350 local persons, using square dancers, singing groups, covered wagons, military acts and pioneer scenes taken from actual history of the area. Colorful costuming, lighting, backdrop and staging will be furnished by the company to make an impressive portrayal of history.

Fireworks will be displayed after the pageant and square dancing in the streets is suggested.

The week will be climaxed with the presentation of the centennial queen and princess in the pageant program.

Possible activities for the daytime are cooking schools and homemakers show, youth and pet parades and a parade of floats depicting the pioneer theme.

Pioneers will be recognized and honored, and dignitaries of the state will be invited and introduced at the evening’s activities.

Saxvik said the committee is asking residents to furnish names of early pioneers and any drama connected with the history of the county that might be of interest to the pageant producers. “Interest is already high and everyone seems to want to get into the act,” he added.

ON HONOR LIST  
SHOSHONE, April 2—Wanda Bancroft, daughter of Mr. and Mrs. Paul Bancroft, Shoshone, has been named to the Idaho State college honor list.

## YOUR BIRTHDAY and HOROSCOPE

TUESDAY, April 2—Born today, you must first of all before you set your heart on being a success in life, learn to accept criticism. Otherwise you may well spend so much time brooding over what others think of you or your work that you have neither the energy nor the inclination left to achieve what you wish and what you may achieve. Highly talented artistically, it is the bringing out of these talents that must be your main concern.

You are one of those who must choose early in life which road to follow and then make a serious effort to ignore whatever distractions, but you must leave them to others.

All of this does not mean, however, that you should shun other people. Friends are necessary to your well-being, to your mind and spirit. A happy home and family could do more for your career than all the isolation in the world. Thus, while you narrow your professional sights,

you must not neglect your social side.

Among those born on this date are: Sir Alec Guinness, actor; Emilie Zola, famed French novelist; Frederic August Bartholdi, sculptor.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Wednesday, April 3  
ARIES (Mar. 21-Apr. 20)—A high-response day, particularly within the family circle. See to needs of children—but no favoritism.

TAURUS (Apr. 21-May 21)—Best results from a full day’s labor. Take it easy in evening. Accept or reject invitations at will.

GEMINI (May 22-June 21)—Avoid taking things for granted. You may be asked for more than your word today. Be prepared with tangible evidence.

AQUARIUS (Jan. 21-Feb. 19)—Success today may depend on the mutual trust existing between you and your associates.

PISCES (Feb. 20-Mar. 20)—Get written evidence of business transactions. Otherwise a tricky situation may evolve.

JOINS NAVY  
SHOSHONE, April 2—Mrs. J. B. Alexander, Shoshone, recently enlisted in the navy. As per agreement, she will receive training at the naval engineering center in San Diego, Cal.
